PRESIDENTS LETTER

What a great meeting! It was so good to see everyone who came! Thanks to those who brought things to Show & Tell . . . you are a wonderfully productive community of makers!

Thanks to all of you who attended for complying with the masking request. The Board spent some time discussing how to keep everyone safe; I sure hope everyone who attended the meeting felt safe while we were together.

COVID-19 continues to impact us – with the cancellation of Dye Day for the second year in a row. Save those onion skins, marigold flowers and goldenrod until next year! The Dye Day committee will appreciate it and we'll end up with some beautifully dyed end results – hopefully (with fingers crossed) next year.

I also want to thank everyone who helped put the room at the church back into shape so we could all leave in a timely manner. It really helped that so many helped out.

If you have any concerns or meeting program suggestions, please don't hesitate to contact any of the Board members. We are here to serve the members of the Guild, and appreciate everyone's feedback and suggestions.

Fall is upon us – enjoy it and your outside time . . . before we know it we'll be looking at temps that drive us inside. Spinning outside is so pleasant right now! I'm looking forward to our meeting in October! See you then!

See you soon!
- Dianna Phillips

FALL FIBER RELOCATION

October 17, 1:00 to 4:00, Buckeye Woods Park, 6335 Wedgewood Rd. Medina.

Bring items to sell, trade or give away. If you bring it and it does not leave with someone. **IT GOES HOME WITH YOU!** we do not leave it for the Park Rangers to throw away.

DYE DAY CANCELLATION

We regret that our September 25, Dye Day was cancelled but plan to use our "yellow to green" dye idea another time.

We hope that Hollie Krenz (our Dye Day host) and family will recover from their COVID-19 illness. Her family barn is a wonderful building for Dye Day and we appreciate their hospitality and the storing of our dye pots, stoves and propane tanks.

If you collected marigolds or goldenrod and have it stored in your freezer we suggest making a dye pot yourself or composting the flowers. Dried Onion skins, being easier to save, and not taking up freezer space, can be brought to any guild meeting and Cris or Becky will collect and keep with the guild dye stuff.

We are in need of two to three members to organize Roc Day, Saturday, January 8, 2022. Please Contact Jon Lilley or Dianna Phillips if you can help.

Listed is what we have planned for programs:

- October - Jon will be presenting a talk on putting together and creating a kilt from hand-woven Scottish Tartan.
- November - Will be our annual Make & Take. Please contact Jon, with ideas or if you are willing to lead a craft.
- December - We have decide to cancel the December Meeting. The meeting date would be December 21, which puts it two days, before Christmas Eve. Please enjoy the time with your families. We look forward to seeing everyone at Roc Day, January 8.

KNIT A SHAWL

Our first peek at the beautiful triangle shawls of this project were displayed and modeled at our September guild meeting. This service project for Hale Farm had thirteen participants. Our thanks to Vicky Bryg, Claire Bourguet, Ilza Ceceris, Colleen Janca, Nikki Huffman and Jan Kroyer (mailing her's from Maryland) for their help in keeping Hale Farm staff warm and stylish. As the other shawls are finished, they can be brought to the guild meetings for everyone to admire before being delivered to Hale Farm.

Medina Spinning and Weaving Guild Presents
Deflected Double Weave with Natalie Drummond
“Where the Shuttle Meets the Shed”

Friday March 25, 2022, 9 am – 4 pm

and

Saturday March 26, 2022, 10 am – 4 pm

Medina Presbyterian Church
5020 Burgundy Bay Blvd.
Medina, OH 44256

Workshop Overview:

Weave deflected double weave samples on your pre-warped loom using various fibers and setts. Explore selvedge methods “where the shuttle meets the shed” for beautiful finishing. Discuss various finishing methods with and without agitation. Cut samples off loom and hand wash prior to day 2. Discuss and compare hand washed samples - movement/deflection vs differential shrinkage. Explore a simple treadle OR tie-up change to weave a scarf with the remainder of your warp (or sample). Class size limited to 10-12.

Materials: Warped 8 shaft loom, 2-4 shuttles, yarns on materials list (18/2 Zephyr, Tencel or Bamboo), SOAK for washing samples, notebook, pen and pencil. Natalie says a 4-shaft 6 treadle loom can be used. There would be less design possibilities, but lots of color/fiber possibilities.

Medina Spinning and Weaving Guild Presents

Deflected Double Weave with Natalie Drummond

Meet the Artist:

Natalie Drummond is a former educator and fiber artisan living in Fremont, Indiana. Born and raised in Virginia, she developed a love of science, teaching, and fiber. Her earlier work focused on sewing and Needle felting and she later learned to weave from a Fort Wayne Weaver's guild instructor in 2016. Continual learning expanded from instructors within the Fort Wayne Weavers Guild as well as noted weaving instructors.

Natalie has pursued weaving with a passion. She is currently serving as President of FWWG and has served as Vice President of Programming. She also maintains a membership with the Fredericksburg Weavers and Spinners Guild. Natalie was awarded a MAFA Fellowship in 2018 and has been studying Deflected Doubleweave intensively. In 2018, she also pursued taking additional classes with felters: Janna Mattsson, Judith Dios, and Moy MacKay and enjoys felting 2-D landscapes.

Her work can be found daily at the Orchard Gallery of Fine Arts in Fort Wayne. Handwovens have also been exhibited in Georgia: Color: Classic to Contemporary exhibit, as well as locally at First Gallery, the History Center, and Crestwoods Gallery.
